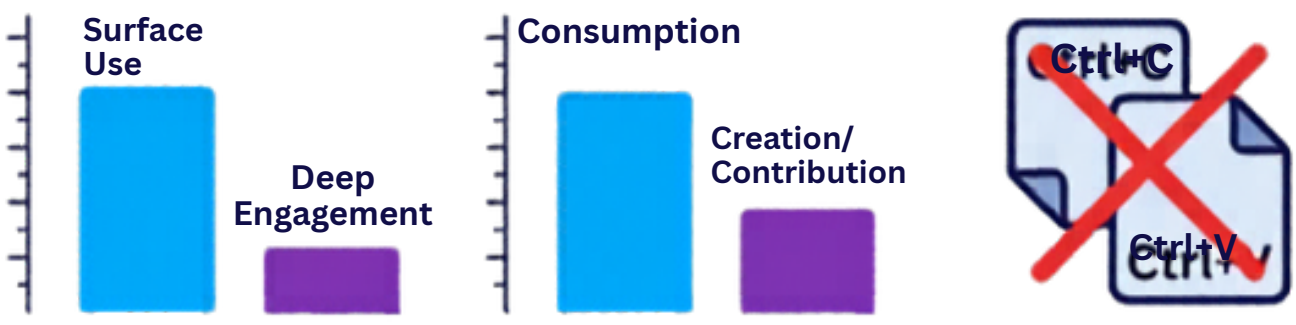
DIGITAL LITERACY: BEYOND TOOLS TO AWARENESS

"Using tools ≠ Understanding systems"

"Perception is not always reality"

Digital Footprint & Permanence



"Good output ≠ Real learning"

Authentic Knowledge vs. Replication

How you communicate defines your professionalism

Tone, Context, and Etiquette

- Verify Senders
- Avoid Suspicious Links
- Use Strong, Unique Passwords
- Enable Two-Factor Auth

Protect Yourself from Digital Threats

Usage → Awareness

Being digitally active is easy.
Being digitally aware is essential.
